

**The following is an E-mail regarding the "Cambridge Career Day".  
March 18, 2004**

As most of you are aware, yesterday we hosted a Career Day for some students from the Enfield School System. The teacher that accompanied them left a message for us, and this is what she had to say...

Mrs. Lyon left me a message after she had an opportunity to talk to the parents of the students that visited us yesterday. She said that the parents were amazed at the reaction of their children. Usually they come home and go in their rooms or whatever, but last night all they could do was talk about all that they had learned yesterday. One mother stated that she couldn't get her son to "shut up" about managing credit correctly and what they had learned about our organization. All the parents, as well as Mrs. Lyons are grateful to our organization for opening its doors and educating their children.
