HUD-Approved Housing Counseling

Buying a home is one of the biggest purchases you will ever make. Before you sign that paperwork, let our team of nationally-certified housing counselors provide you with the education and tools you need to make an informed decision about this life-changing purchase.

Cambridge's housing counseling services are approved by the U.S. Department of Housing and Urban Development. Our counselors have an average of over 10 years of financial counseling experience, making our agency one of the most experienced counseling organizations in the country, offering homebuyer workshops and one-on-one homebuyer counseling.

Homebuyer Workshops

Our homebuyer workshops were created using the NeighborWorks® America curriculum entitled "Realizing the American Dream," and are designed to educate prospective homebuyers on all aspects of homeownership. This 8-hour workshop includes topics such as:

- Are You Ready to Buy a Home?
- Managing Your Money
- Understanding Credit
- Obtaining a Mortgage Loan
- Shopping for a Home
- Protecting Your Investment

In addition to preparing you for homeownership, mortgage lenders often require borrowers to complete an approved homebuyer education course in order to qualify for special incentive programs, including down payment and closing cost assistance.

This certificate is required in order to apply for a majority of the locally-offered down payment/closing cost assistance programs. Some lenders also require this certificate for all first-time homeowners, in order to finalize the loan. If you have any further questions, please call our housing counseling division at **1-800-757-1788**.

One-On-One Counseling

Prospective homebuyers can also take part in our one-on-one counseling sessions, designed to provide a more in-depth, personalized counseling experience.

Your certified housing counselor will help you to determine your readiness to purchase a home, including a determination of the savings required to achieve your goals. This will be based upon:

- A review of your credit report,
- A thorough review of your income and expenses
- A determination of your mortgage affordability

Our counselors are here to guide you through the entire homebuying experience, from beginning to end.

Our one-on-one counseling sessions are provided at no cost to the prospective homebuyer.
